Wheeler, Walter

Positive solutions for negative behaviorNov./Dec. 9418

For the best in disability insurance, go to the head of the class.

One insurer stands well ahead of the rest in providing disability protection to the employees of our nation's schools—Washington National Insurance Company. We pioneered voluntary disability coverage for the special needs of the education community in 1923. Today we cover more teachers through payroll-deducted voluntary plans than any other insurance company.

Our Education Division is devoted exclusively to serving public schools. So you can count on service that's in a class by itself.

For more information on disability plans or any of our life and health products, as well as Section 125 and flexible benefit plan services, talk to your local Washington National representative at 1470 Maria Lane, Suite 460, Walnut Creek, CA 94596, 1-800-676-9642
